

Trauma Training for Undergraduates 2024

# BACK IN TIME

## Lessons Learned in Trauma Management: Anaesthesia Considerations for Acute Trauma

**10 July 2024****Wednesday****6.00 - 7.00pm**  
**(SGT/ UTC+8)**

In the high-stakes realm of acute trauma care, anaesthesia management plays a pivotal role in ensuring patient survival and optimal outcomes. This webinar offers a tailored exploration into the fundamental principles and practical considerations of anaesthesia in acute trauma scenarios.

Join us in this webinar as our subject expert share key anaesthesia considerations encountered in trauma cases, from initial assessment and resuscitation to intraoperative management and postoperative care.
