

Health Talk (ONLINE)

31 August 2024, Saturday, 10 – 12pm

Zoom (Details will be provided after registration)

Understanding Dementia

Navigate Challenging Behaviours

By TTSH Nursing Department

Caring for someone with dementia can be challenging as it demands a unique set of skills. Carers are continuously adapting to the ever-changing needs and behaviours of their loved ones, finding ways to communicate, connect, and provide comfort in the face of cognitive decline. Join Shi Ling and Aishah as they share insights on dementia, managing challenging behaviours, and tips for approaching these behaviours.

If you face any technical issues during registration, please contact us at:

Call: **8126 3623** **9646 0357**

(Mon – Fri, 10am – 4pm)
